

Cinzeno®  
custom made

The brand for wooden floors

## The advantages of a wooden floor

- 1. Durable**  
Low abrasion during intensive use, giving it a long life. In addition, wood can easily be reworked/coloured after sanding.
- 2. Underfloor heating**  
A wooden floor is very suitable to be installed in combination with underfloor heating.
- 3. Timeless**  
A timeless character in both classic and modern design. Through various types of wood, colors and laying patterns it can be matched to almost any interior.
- 4. Attractive**  
Warm material with an authentic and unique look. It also provides comfort, warmth and a healthy indoor climate.
- 5. Simple maintenance**  
Wood is easy to clean and maintain, provided the good products are used.
- 6. Environmentally conscious**  
Wood is a natural material and is less environmentally harmful in the production process than synthetic material.

## Cinzeno Custom Made®

Cinzeno Custom Made® is a brand of Dutch origin that excels in custom made wooden flooring. The entire process of ordering and designing to finishing is carried out in the Netherlands. Cinzeno Custom Made® specializes in the processing of oak wood flooring, whereby the customer's wish is key.

# Plank floor

A wooden floor can be installed in many patterns. The plank pattern is a modern and timeless product, this wood floor is therefore the most chosen one. At Cinzento Custom Made® you have the possibility to choose from endless variations for a plank wood floor.

You can choose from different thicknesses, widths, grades and treatments.

**"We produce the plank floor according to your wishes."**

# Herringbone

More people these days choose a herringbone floor. Whether you live in a new house, an apartment or a farm, a herringbone floor suits every style perfectly.

The advantage of Cinzento Custom Made® is that we are experts in the custom production of exclusive wooden custom made floors, including a herringbone floor. We are able to produce the herringbone floor precisely to your wishes. The main reason for this is that we have the complete finishing of the wood in our own hands.

made to the smallest details”**

## Chevron

With a Chevron floor, the planks are installed in an angle of 45 or 60 degrees, in this pictures the Chevron is installed in an angle of 45 degrees. This creates the Chevron motif.

# Staircase renovation

Just like a Cinzento Custom Made® wooden floor you are able to choose different nature/gradings for your stair renovation. You have the choice between a rustic oak or a 1-bis grading.

We are able to oil, burn, stain, brush and smoke the stairsteps. So you have the possibility, with Cinzento Custom Made®, to choose the same treatment and grading for your staircase as for your wooden floor.
